Re: Delegated Authority to Transfer Material to Archives New Zealand

I request the use of delegated authority to transfer the following material to Archives New Zealand:

- "The New Green Land" 1971 [16 mm colour film produced by the National film Unit.]

This film was recently offered for transfer by [name removed], at Land Information New Zealand. The film canister has the file reference 22/4643/10, linking it to a Lands and Survey file already held by Archives New Zealand:

ABWN 6095, W5021/620 22/4643/10 Pictorial record of Whakatau Development 1969-1974

This film will therefore add to our holdings of both the Department of Lands and Surveys, and the National film Unit.

I recommend this material be accepted for transfer.
